

“Come now, and  
let us reason  
together,” Says  
the LORD,  
“Though your sins  
are like scarlet,  
They shall be as  
white as snow;  
Though they are  
red like crimson,  
They shall be as  
wool.”

Isaiah 1:18

## THE AMBASSADOR JOURNAL (TAJ)

### TAJ - Two-House Israel

Without a proper understanding of Scripture, Judah, and the Church, one cannot correctly understand what God is doing on Earth in these latter days. There is only One God and He has "one" people. The ***Olive Tree of Israel*** is the culmination of God's dealing with Jacob (Israel) and the Nations (Gentiles). All are one in Yeshua HaMashiach.

### TAJ - Creationism

Traditional views on Darwin's theories are rapidly changing. The ungodly model does not fit the scientific evidence. How did we get here? DNA & archaeological research are advancing. Many questions are being answered and new ones are being asked. Many of these answers clearly support the Biblical narrative.

### TAJ - TextCrit

Sifting through leaven! TAJ-TextCrit seeks to deal with Scripture as it was understood in the 1st Century, when it was given; thus, the Greek, Hebrew, and Aramaic.

## The Dry Bones of "THEOLOGY SENSE"

### TS-Word Studies

TS "Word" Studies focus on the Greek and Hebrew origins and context of specific words of Scripture. TS Word Studies also breakdown the etymology of the English words used in translating Scripture, to ensure they too express the original intent of the Biblical writers and not doctrinal bias—which is sometimes the case.

### TS-Scripture Studies

TS "Scripture" Studies focus on difficult and/or interesting verses. They attempt to dissect them using Scripture as the basis for understanding their meaning and application as they apply to a 1st Century Messianic perspective; thus, the original intent of the Biblical writers. As short commentaries or lessons of specific verses, they may include detailed exegesis, as well as the Greek and Hebrew meanings in order to grasp that original intent.

### TS-Content Studies

TS "Content" Studies focus on specific topics related in the Scriptures. Understanding one's faith from an ancestral foundation is an emerging discussion. The various topics are expanding; such as the discovery of, and the new evidences found in, the Dead Sea Scrolls. According to Scripture, we are supposed to be ready to preach the Word. That of course includes "teaching" His Word with clarity, and in truth. That is only possible by studying and meditating upon Scripture in context.
